PARK

THE JUNCTION LOS GATOS

Imagine a community market at the junction of a historic town where history meets the future.

Los Gatos is nestled in the Sierra Azules Mountains where trains once brought commerce and tourists to the valley. Now residents and visitors alike enjoy life in the largest metropolitan area in northern California.

The Junction is a carefully planned multi-use village in northern Los Gatos designed to preserve the small, community feel

from the town’s founding in 1887. Created with an eye toward the area’s agricultural and ranching roots, The Junction is an open plan that includes vibrant green spaces and community garden clusters. The village offers retail and restaurant space, condominiums, row homes, and apartments. The Junction is designed to encourage residents and visitors to gather, shop, and enjoy the best our local community has to offer.

A PARTNER WITH A VISION FOR COMMUNITY

We're seeking a large retail partner to be the core of The Junction community. Located in the Station Building, our retail partner has access to 17,500 SF ground floor, and 4,200 SF with 700 SF terrace on the second floor. This space is ideal for a market hall experience or an anchor grocery store.

THE MARKET HALL

The Station Building offers two levels of retail space. The first floor features two wings of shopping space designed boomerang style around a community garden. It is ideal for a market hall, which offers customers a selection of unique, thoughtful products both local and global. The second floor includes space for vendors, a terrace, and places for the community to connect, as well as our affordable senior housing units. The Market Hall partner is passionate about uniting the local and global experience through vendors who share our vision for creating a lively community space.

THE GROCERY STORE ANCHOR

The grocer would occupy the first floor space of The Station and offer our community a boutique selection of fresh products and quality items. This retail partner serves as a hub for our local residents at The Junction and for the larger Los Gatos area and is passionate about creating community. The second floor space can be leased separately as restaurant or retail space while also serving as community space and affordable senior housing.

INDIVIDUAL RETAIL PARTNERS

In the event a market hall or grocery store partner is not secured, we will consider leasing to individual retailers on both floors of The Station Building.

THE JUNCTION OF THE PAST AND FUTURE

Los Gatos serves a unique area and population. Tucked into the valley between the Sierra Azules, the town has managed to preserve its small town feel despite becoming the largest metro area in northern California. Though Los Gatos boasts a small town population of roughly 33,500 residents, nearly 1 million people live within 10 miles of Los Gatos.

With proximity to Silicon Valley, the area is a thriving, self-contained city with a vibrant downtown designed for walking, beautiful parks, and a greenbelt system. Los Gatos is listed on the National Register of Historic Places.

The Junction is located in a prime spot just off the West Valley Freeway and north of Los Gatos, allowing easy access for visitors and residents alike.

This is a prime opportunity for a visionary retail partner to join with us and create a dynamic market hall or grocery experience in a distinct space. Come build our community with us, and craft a unique and unforgettable experience at The Junction Los Gatos.

MARKET HALL POTENTIAL LAYOUT
